Our Parliament

Make a short film and have it shown at a national premiere with Our Films, Our Europe

It's easy! All you have to do is:

1. Form a team of four, from S3 –S6, and come up with a creative idea for a film which describes **how being a European Citizen affects you**. We'll then help pair you with a school abroad who can help you develop the idea further. After that just send us your idea in storyboard form, along with an audio or video clip explaining your entry, **before 10th December!**
2. Get through to the production stage and you'll be offered a spot on a film making workshop where you'll get to work with media professionals to **produce your short film**.
3. The final stage will be an **exclusive premiere and awards ceremony** where you can show your film to a special audience and maybe even win an award or two!
